## What's in a name?

We take our name from possibly our most famous patron; Woodrow Wilson, the 28th President of the United States of America, who in 1899 stayed on these premises, in what was then "The White Horse Hotel".

A contradictory and complex character, Wilson's legacy is praised and criticized in equal measures. His administration presided over the introduction of US prohibition, yet Wilson famously loved Scotch, even utilizing a catchy jingle of a 20th century whiskey brand in his presidential campaign — "Wilson! That's All!"..

As fellow complicated creatures and whiskey lovers,  
We raise our glasses..
